# SERIES: PR28 | DESCRIPTION: POWER RELAY

#### FEATURES

same sky

- 20 amp
- $\bullet\,1\,\text{form A}$
- •1form C
- class F

| MODEL        | coil<br>voltage     | coil<br>resistance | operating<br>voltage <sup>1</sup> | release<br>voltage | continuous<br>voltage | coil<br>power      |
|--------------|---------------------|--------------------|-----------------------------------|--------------------|-----------------------|--------------------|
|              | <b>typ</b><br>[Vdc] | (Ω±10%)            | <b>min</b><br>(Vdc)               | max<br>(Vdc)       | max<br>(Vdc)          | <b>max</b><br>(mW) |
| PR28-3V-360  | 3                   | 25                 | 2.25                              | 0.3                | 3.3                   | 360                |
| PR28-5V-360  | 5                   | 70                 | 3.8                               | 0.5                | 5.5                   | 360                |
| PR28-6V-360  | 6                   | 100                | 4.5                               | 0.6                | 6.6                   | 360                |
| PR28-9V-360  | 9                   | 225                | 6.8                               | 0.9                | 9.9                   | 360                |
| PR28-12V-360 | 12                  | 400                | 9.0                               | 1.2                | 13.2                  | 360                |
| PR28-15V-360 | 15                  | 625                | 11.25                             | 1.5                | 16.5                  | 360                |
| PR28-18V-360 | 18                  | 900                | 13.5                              | 1.8                | 19.8                  | 360                |
| PR28-24V-360 | 24                  | 1,600              | 18.0                              | 2.4                | 26.4                  | 360                |
| PR28-36V-360 | 36                  | 3,600              | 27.0                              | 3.6                | 39.6                  | 360                |
| PR28-48V-360 | 48                  | 6,400              | 36.0                              | 4.8                | 52.8                  | 360                |
|              |                     |                    |                                   |                    |                       |                    |

Notes: 1. Relay may pull in with less than operating voltage.

2. All specifications are measured at 23°C unless otherwise specified.

#### PART NUMBER KEY

.....

Base Number

3V = 3 5V = 5

6V = 6 9V = 9 12V = 12 15V = 15 18V = 18 24V = 24 36V = 36 48V = 48 Contact Form: 1A = 1 Form A 1C = 1 Form C

Sealing: "blank" = Flux Protection E = Epoxy Sealed

.....

#### **COIL SPECIFICATIONS**

| parameter        | conditions/description  | min | typ | max | units |
|------------------|-------------------------|-----|-----|-----|-------|
| coil power       | nominal                 |     | 360 |     | mW    |
|                  | at pickup voltage       |     | 207 |     | mW    |
| temperature rise | at nominal coil voltage |     | 42  |     | K     |

#### **CONTACT SPECIFICATIONS**

| life                  | electrical: at 277 Vac, 16 A (1 Form A/1 Form C (NO),<br>7 A (1 Form C (NC), resistive | 100,000    |              | operations |
|                       | mechanical   | 10,000,000 |              | operations |

#### **GENERAL SPECIFICATIONS**

| parameter             | conditions/description                                   | min | typ   | max | units |
|-----------------------|--|-----|-------|-----|-------|
| insulation resistance | at 500 Vdc, 23 °C, 50% RH                                | 100 |       |     | MΩ    |
| dielectric strength   | between coil and contacts at sea level for 1 minute      |     | 2,000 |     | Vrms  |
| operate time          | at nominal coil voltage                                  |     |       | 10  | ms    |
| release time          | at nominal coil voltage, without coil suppression        |     |       | 5   | ms    |
| shock resistance      |  |     | 10    |     | G     |
| vibration resistance  | 10~55 Hz, 1.5 mm double amplitude                        |     |       |     |       |
| operating temperature | at nominal coil voltage                                  | -40 |       | 85  | °C    |
| storage temperature   | at nominal coil voltage                                  | -40 |       | 130 | °C    |
| weight                |  |     | 9.5   |     | g     |
| safety approvals      | UL/cUL 508   |     |       |     |       |
| flammability rating   | UL94V-0  |     |       |     |       |
| RoHS                  | yes .  |     |       |     |       |
| packaging             | box: 100 pcs per box<br>carton QTY: 1,000 pcs per carton |     |       |     |       |

#### SOLDERABILITY

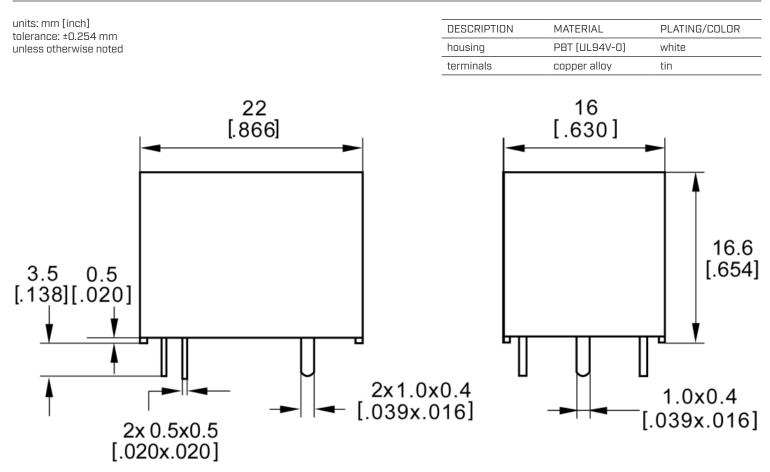

.....

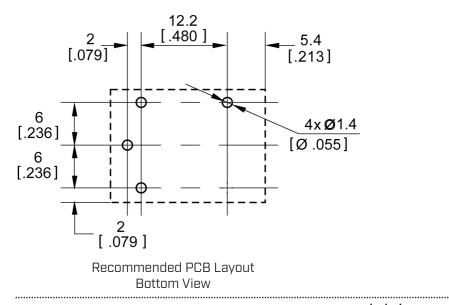

| parameter      | conditions/description   | min | typ | max | units |
|----------------|--|-----|-----|-----|-------|
| wave soldering | for max 5 seconds  |     |     | 260 | °C    |
| washable       | only on epoxy sealed models<br>max imersion time of 30 seconds |     |     | 80  | °C    |

### **CHARACTERISTIC CURVES**

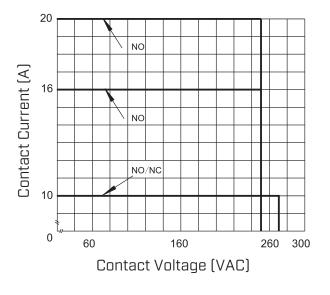

Coil Temperature Rise

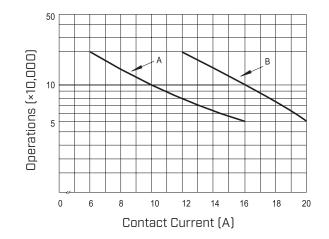

Test Conditions: Curve A: 20 A at 85°C Curve B: 16 A at 85°C Mounting Distance: 25 mm

.....

Maximum Switching Power

Life Curve

Test Conditions:

Curve A: NO, resistive load, 85°C, flux protection, 16 A, 250 Vac, 1 second on 9 seconds off

Curve B: NO, resistive load, 85°C, flux protection, 20 A, 250 Vac, 1 second on 9 seconds off

#### **REVISION HISTORY**

| rev. | description                       | date       |  |
|------|-----------------------------------|------------|--|
| 1.0  | initial release                   | 02/14/2024 |  |
| 1.01 | removed F from part number        | 05/10/2024 |  |
| 1.02 | CUI Devices rebranded to Same Sky | 09/12/2024 |  |

The revision history provided is for informational purposes only and is believed to be accurate.

Same Sky offers a one (1) year limited warranty. Complete warranty information is listed on our website.

# same sky

Same Sky reserves the right to make changes to the product at any time without notice. Information provided by Same Sky is believed to be accurate and reliable. However, no responsibility is assumed by Same Sky for its use, nor for any infringements of patents or other rights of third parties which may result from its use.

Same Sky products are not authorized or warranted for use as critical components in equipment that requires an extremely high level of reliability. A critical component is any component of a life support device or system whose failure to perform can be reasonably expected to cause the failure of the life support device or system, or to affect its safety or effectiveness.
